

Bead Embellishment Workshop

Saturday, May 18th 10:00am – 3:00pm
Masonic Lodge, 40 W 1st St, Reno NV
Registration Form

In this workshop we'll learn different types of bead embellishment suitable for fabrics. This could be adding sparkles to a purchased item, or augmenting something you've made. Various beading methods will be highlighted.

Bring what you want to Bling!

Students need to provide:

- Textile item you want to embellish
- Small, sharp pointed scissors
- Task light (especially if you have "old" eyes)
- Thimble, if you have sensitive fingers

Suzy Musil, our instructor, will be providing a kit which includes needles, thread, beading mat, design techniques and of course, beads! Students will be able to raid Suzy's stash during class, to find that "special" accent, if they so desire.

Kit fee of \$10.00 is payable to instructor at time of class. Registration required, so we know how many kits to have.
